## ANUBIS

DIMENSIONES DIMENSIONS (mm)	POTENCIA POWER (W)	LUMINANCIA LUMEN (lm)	PESO WEIGHT (kg)	TEMP DE LUZ LIGHT TEMP (°K)
1485x850x70	230	21.280	14,5	2.800/3.000/4500/6.000 temperatura fija o dimable (Dual color CCT de 2.700-6000°k) o RGB 2.800/3.000/4500/6.000 fixed temperature or dimmable (Dual colour CCT from 2.700-6000°k) or RGB

\* Datos comunes para todas nuestras lamparas: DC 24V · IP 20 · Dimable \* Common data for all our lamps: DC 24V - IP 20 - Dimmable

Los datos de esta ficha están elaborados con LED de 6000°K de temperatura. Los lúmenes de referencia son los valores de la instalación de la tira led. En el caso de Dual Color la potencia y lúmenes varían en función de la temperatura de color.

The data in this sheet are based on LEDs with a temperature of 6000°K. The reference lumens are the values of the LED strip installation. In the case of Dual Color the power and lumens may change depending on the colour temperature.

## Especificaciones especiales **ACABADOS KISSA**

*Consultar pedido mínimo o costes especiales por no llegar al mínimo :*

- Foliado **MADERA NATURAL**
- Foliado **PVC exterior**
- **SUBLIMADOS ESPECIALES** (patrones, imágenes o motivos propios) incluso es posible reproducir imágenes de acabados aportadas por cliente (mínimo de calidad 300dpi).
- **METALIZADOS** o colores especiales de cualquier catálogo.
- Cualquier **RAL** del mercado incluso los **TEXTURADOS**
- Pintura **ADAPTA** que cambia de color en función de la luz que recibe.
- Pintura **ALTA DURABILIDAD** 25 años clase 2
- Para zonas de condiciones adversas respecto a la corrosión, disponemos de espesores de micras **ESPECIALES**
