DIMENSIONES DIMENSIONS (mm)	POTENCIA POWER (W)	LUMINANCIA LUMEN (lm)	PESO WEIGHT (kg)	TEMP DE LUZ LIGHT TEMP (°K)
1200x1200x70	250	23.000	17	2.800/3.000/4500/6.000 temperatura fija o dimable (Dual color CCT de 2.700-6000°K) o RGB 2.800/3.000/4500/6.000 fixed temperature or dimmable (Dual colour CCT from 2.700-6000°k) or RGB

\* Datos comunes para todas nuestras lamparas: DC 24V · IP 20 · Dimable \* Common data for all our lamps: DC 24V - IP 20 - Dimmable

Los datos de esta ficha están elaborados con LED de 6000°K de temperatura. Los lúmenes de referencia son los valores de la instalación de la tira led  
En el caso de Dual Color la potencia y lúmenes varían en función de la temperatura de color

The data in this sheet are based on LEDs with a temperature of 6000°K. The reference lumens are the values of the LED strip installation.  
In the case of Dual Color the power and lumens may change depending on the colour temperature.
