

LIZZO

new collections 2024

A close-up photograph of a hand gently touching a piece of light-colored, textured fabric. The hand is positioned on the right side of the frame, with the thumb and index finger visible, resting on the fabric. The fabric has a fine, woven texture and is slightly draped. The background is a soft, out-of-focus light color, creating a clean and minimalist aesthetic.

Fabrics with Soul

Fabrics with soul are those that tell a story, express an emotion and reflect a personality. They are considered elements that do not only dress the spaces but also the spirit.

At Lizzo, we conceive textiles as a way to express sensations. As fabric editors, we aim for the exceptional and embody simplicity without giving up on elegance and sophistication.

In a place where every detail is meticulously attended to, where the environment is respected, where craftsmanship is held in high regard - that is where we stand. Lizzo weaves a tell of beauty through every thread, pattern, texture and design.

ANCESTRY · Unique & Timeless Textures

Transcending the Barrier of Time

ANCESTRY finds its meaning in the very origin of our past. In this collection, the elements of our ancestral culture are reinterpreted in new timeless creations capable of adapting to current trends and transcending the barrier of time.

Silks, embroideries and rich jacquards are interwoven like the threads of a millenary tapestry. Welcome to Ancestry, where each fabric is an epic that emerges from the purity of its textures, the exuberance of its colours and the harmony of its weaves.

Oriental traditional beauty is captured in **Ginkgo**, a silk jacquard with a satin lustre inspired by the homonymous Chinese tree.

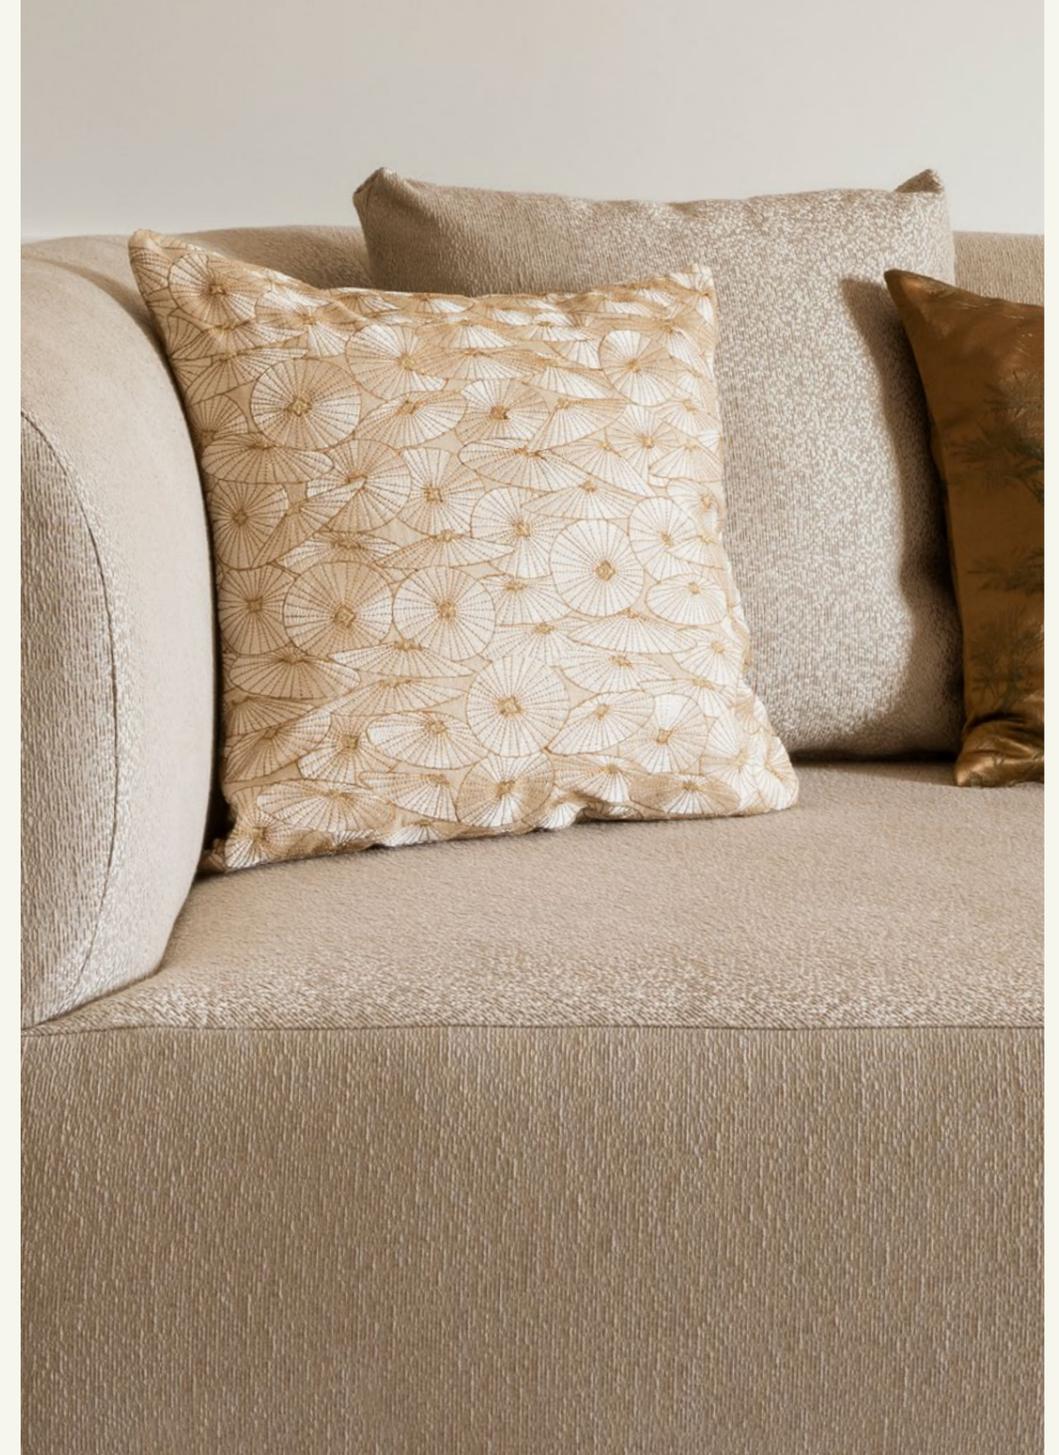

The earliest preserved women's garment from Cairo brings the inspiration for **Tarkhan**, a pleated-effect rich jacquard with matt and semi-gloss yarns.

Calato unfolds as a reminiscence of the ornamental Attic ceramics through its satin pleated-effect and interspersed lines pattern.

Inspired by the splendour of millenary Anatolia, **Lidia** stands out as an upholstery texture which combines matt and lustrous yarns to create its delicate volume.

Wagasa is an embroidered silk featuring a delicate Japanese umbrella design that evokes the essence of antique Kyoto.

Abstraction and colour are embodied in **Rosetta**, a rustic silk printed with a geometric motif inspired by the carved stones of ancient Egypt.

FORUM · The Linen Collection

A Whisper of History Woven in Linen

FORUM evokes the richness of the fabrics that once adorned the palaces surrounding the ancient Roman Forum. This collection transports us to the breeze that caressed the window curtains, the majestic upholstered pieces, and the ornamental cushions.

The linen, woven with the patience of centuries, tells a different story in each of its fibres, reviving the splendour of bygone empires.

Forum's colour palette is a poem itself. Its twenty colours, like fragments of a distant dream, unfold an exquisite range.

ADARE · Charming Sheers & Curtains

Echoes of a White Paradise

ADARE creates a captivating universe with its unique designs inspired by the sinuous shapes of glaciers. The essence of Cape Adare is woven into the sheers and curtains of this collection, where each texture tells the story of the exploration of the unknown.

Their delicate movements recall the purity of nature, with an Antarctic white colour palette which evokes the quietness of this remote corner of the world.

Inspired by the waves of the sea crashing against the glaciers, **Spume** is a bouclé jacquard with an organic design and unmistakable texture.

Anvers, inspired by the southernmost island of Cape Adare, is a sheer characterised by the delicacy of its weave and the lightness of its drape.

The intrepid spirit of the early Antarctic explorers brings the inspiration for **Oates**, an exclusive linen curtain with a rustic appearance.

Ross, named after the beauty of the eponymous Antarctic Island, is a woollen sheer known for its softness and lightness.

Palmer is a satin linen jacquard curtain that exudes innate elegance, with a subtle sheen reminiscent of the glow of glaciers touched by the sun's rays.

LEZNA · Fire Retardant Upholstery Collection

Tradition & Innovation

LEZNA embodies the spirit of tradition in the first Lizzo's **fire retardant** upholstery collection, a milestone that reflects our commitment to innovation and the pursuit of excellence in quality and design for contract projects.

This collection pays tribute to the meticulous craftsmanship of making wicker baskets, where the thick weave of its threads evokes the delicate geometry of these utilitarian works of art.

Lezna is an ode to versatility and craftsmanship, a testimony of mastery and inspiration rooted in the eponymous instrument.

LODGE · Fire Retardant Sheers & Curtains

Fire Retardant

Merging Design & Nature

LODGE is born inspired by places where nature stands as a refuge in the secluded corners of bustling cities. The hotels that influence this collection of **fire retardant** sheers and curtains have a very significant component based on the respect for the environment.

Lodge is more than just a name; it encapsulates a concept that embraces sophistication and connection to the natural world.

Evoking the sea breeze from the Bahamas comes **Tiamo**, an FR recycled light sheer with a subtle crumpled effect.

Inspired by the lodge that camouflages itself among deserts and dunes, **Camel** gently envelops with its bouclé texture.

Tibay takes you on a journey along the shores of the island of Dominica. This FR jacquard gives a glimpse of subtle coral and immerses you in the underwater beauty.

An exclusive refuge in the savannah inspires **Kanzi**, an FR recycled net sheer that connects us with the earth and wild nature.

Copal captures the freshness of the Mexican jungle, being characterized by its fluidity and delicate weave.

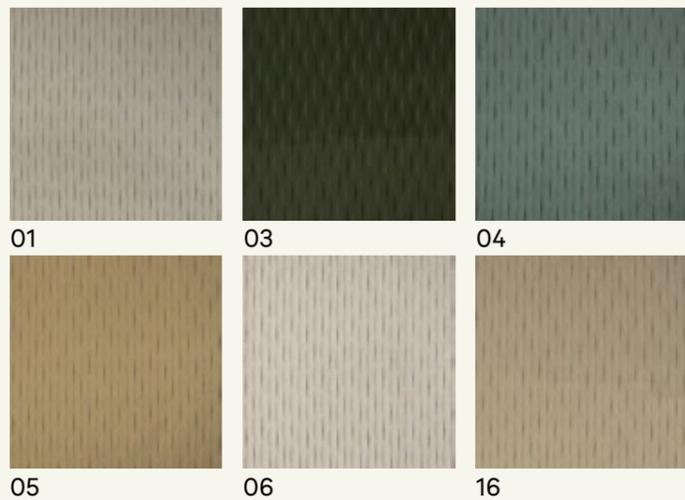

An Indonesian archipelago brings inspiration for **Ampat**, an FR recycled satin curtain that excels in its smoothness, simulating the soft feel of cotton.
